

Lighthouse 2020

We will have 100 wood cutouts available for purchase by businesses, non-profits and individuals. Blanks (approx. 4' x 2') are to be delivered in February or March, cost is \$20.00 per cutout and can be decorated using what ever medium is desired. Lighthouses are meant to be outside for visibility at all times. They must be weatherproof (Marine varnish is good for this) and weighted or attached to a pole or something. Business logos are encouraged, your finished lighthouse will be kept in secret until they are rolled out to your specified place the morning of Friday, June 5, 2020. The lighthouse will remain in place for the summer or until worn or damaged. Businesses will put their decorated lighthouse in front of their location, others will choose a spot for display. The locations of the lighthouses will be numbered on a map to encourage people to move about our towns/village.

Please reserve a fish blank for

_____ I understand that I will receive the blank in February 2018. It is my responsibility to decorate my lighthouse keeping it out of sight until the morning of Friday, June 5, 2020. My Lighthouse will be decorated, weighted and weatherproofed. I will remove the Lighthouse from display if it becomes worn or damaged. I will receive a map with the location of the decorated Lighthouse. Lighthouse blank to be delivered to:
